

Feeder-2 Lanes

Feeder-2 Lanes is used to feed small size linens and table cloths with two lanes. It can also feed large size linens with one lane.

Option

Working width of large linens on 1-lane mode:

1850mm~3300mm; 1950mm~3500mm; 1950mm~4000mm

Maximum working width of large linens on 2-lane mode:

950mm~1600mm, 950mm~1700mm, 1150mm~1950mm.

Wrinkle removal: Brush system.

The stations can be raised for feeding small pieces.
